WORKSHOP: REDISTRICTING REFORM ADVOCACY!

Are You Concerned That <u>Elected Officials</u> Have the Ability to <u>Choose</u> Which Voters Are Able to Vote for Them?

Are You Ready to Be Involved in Forging a Solution?

The League of Women Voters Charlotte Mecklenburg is working with the LWVNC Fair Elections Action Team to host a workshop on Saturday, August 25, to advance a statewide advocacy approach to redistricting reform.

League leaders working to promote redistricting reform reviewed and studied 50 bills introduced in legislatures throughout the country. Our analysis identified the key elements that make up a "reasonable redistricting reform," one that can control extreme gerrymandering *and* pass the legislature.

During the workshop, we will review these elements and develop steps to move forward. Be a part of the process! Feel free to invite others who are willing to <u>work</u> towards the goal of getting this much-needed reform passed before the next census/redistricting.

Come join us!

Date: August 25, 2018

Location: Midwood International and Cultural Center, 1817 Central Ave.,

Room 210, Charlotte 28205

Time: 11:30 AM - 12 PM: Sign-in; Introduction by LWVNC
